## A GOVCON STARTUP BUILT FOR A HYPERAUTOMATED, SECURE, AND RESILIENT FUTURE

**Empower Your Mission with CardinalNorth:** Leading the Innovation Frontier with Technology, Agility, Resiliency, and Trust

### Who Are We?

**GovCon Startup: Agile, Innovative, Customer-Centric**  
Cardinal North Solutions (CardinalNorth), a **Small Disadvantaged Business**, advances technology for Federal, State, Local, and Education sectors. We specialize in cybersecurity, rapid application development, and hyperautomation, delivering scalable solutions that enhance efficiency, security, and customer satisfaction.

### Why CardinalNorth?

- Integrated Cybersecurity and Hyperautomation**
- Enhancing efficiency and security resilience using AI, RPA, and big data analytics for comprehensive solutions.
- Advanced Technology Solutions**
- Implementing next-gen SOCs, robust cloud security, and cutting-edge application development to drive innovation.
- Agile Innovation**
- Swiftly deploying new technologies, adapting to changing needs, and providing ongoing support to stay ahead.

### Strategic Partnerships

Microsoft  
for Startups  
Founders Hub

- ✔ **Cloud Innovation:** Driving secure and scalable solutions
- ✔ **Streamlined Operations:** Enhancing collaboration & efficiency.

- ✔ **AI Integration:** Empowering analytics & intelligent automation.
- ✔ **Data Innovation:** Delivering transformative insight with AI.

### Core Competencies

- Strengthening Federal Defenses**
- Zero Trust:** Continuous verification of user identities and devices.
  - Cloud Security:** Optimize resources for flexibility and scalability.
  - Advanced SOC:** AI/ML for threat detection and response.
  - Adaptive Security:** Prediction, prevention, detection, response components.

- Revolutionizing Federal Operations**
- AI and RPA:** Streamline operations, enhance efficiency, decision-making.
  - Big Data Analytics:** Personalize interactions, summarize large information.
  - Intelligent Chatbots:** Rapid deployment for improved customer interactions.
  - Total/Customer Experience (TX/CX):** Elevate citizen, employee, user experiences.

- Accelerate, Secure, Succeed**
- Low/No-Code:** Reduce timelines, ensure flexibility and agility.
  - DevSecOps:** Robust security via integrated development, operations.
  - Customer Data Platforms:** Enhance experience, operational efficiency.
  - Composable Architectures:** Swift adaptation with modular, integrated solutions.
