COMPREHENSIVE IT SOLUTIONS BUILT FOR A HYPERAUTOMATED, SECURE, AND RESILENT FUTURE

Empower Your Federal Mission with CardinalNorth:

Leading the Innovation Frontier with Technology, Agility, Resiliency, and Trust

Who Are We?

Revolutionizing Government IT: Agile, Innovative, Customer-Centric

Cardinal North Solutions (CardinalNorth), a **Small Disadvantaged Business**, advances technology for Federal, State, Local, and Education sectors. We specialize in cybersecurity, rapid application development, and hyperautomation, delivering scalable solutions that enhance efficiency, security, and customer satisfaction.

Why CardinalNorth?

Integrated Cybersecurity and Hyperautomation
- Enhancing efficiency and security resilience using AI, RPA, and big data analytics for comprehensive solutions.

Advanced Technology Solutions
- Implementing next-gen SOCs, robust cloud security, and cutting-edge application development to drive innovation.

Agile Innovation
- Swiftly deploying new technologies, adapting to changing needs, and providing ongoing support to stay ahead.

Strategic Partners Supported

NAVANCIO

✓ **Digital Transformation Advisory Support:** Agile & CX Focused.

✓ **Low-Code Development:** Salesforce Platform optimization.

Zvolvant Solutions

✓ **Cybersecurity Services:** NIST/FISMA compliance & Zero Trust.

✓ **AI Services:** Data analytics for decision intelligence.

For inquiries and further information, don't hesitate to contact us.

Core Competencies

Cybersecurity

Strengthening Federal Defenses
- **Zero Trust:** Continuous verification of user identities and devices.
- **Cloud Security:** Optimize resources for flexibility and scalability.
- **Advanced SOC:** AI/ML for threat detection and response.
- **Adaptive Security:** Prediction, prevention, detection, response components.

Hyperautomation

Revolutionizing Federal Operations
- **AI and RPA:** Streamline operations, enhance efficiency, decision-making.
- **Big Data Analytics:** Personalize interactions, summarize large information.
- **Intelligent Chatbots:** Rapid deployment for improved customer interactions.
- **Total/Customer Experience (TX/CX):** Elevate citizen, employee, user experiences.

Application Development

Accelerate, Secure, Succeed
- **Low/No-Code:** Reduce timelines, ensure flexibility and agility.
- **DevSecOps:** Robust security via integrated development, operations.
- **Customer Data Platforms:** Enhance experience, operational efficiency.
- **Composable Architectures:** Swift adaptation with modular, integrated solutions.
